

HYUN HAK KIM, Ph.D.

Contact Information

Address: 77 Jeongneung-Ro, Seongbuk-Gu, Seoul, Korea 02707

Office: Gyeongsang Hall 401, Kookmin University

Phone: 82-2-910-4541 | 010-2787-3318 | 1-646-801-7719 (US)

Email: hyunhak.kim@kookmin.ac.kr

Website: <https://sites.google.com/site/khdouble2/>

EDUCATION

Ph.D. in Economics, Rutgers University, New Brunswick, NJ, USA (May 2012)

Dissertation: "Econometric Essays on Nonlinear Methods and Diffusion Index Forecasting"

M.A. in Economics, Rutgers University, New Brunswick, NJ, USA (May 2008)

B.B.A. and B.A. in Statistics, Yonsei University, Seoul, Korea (Feb. 2004)

ACADEMIC APPOINTMENTS

Professor, Department of Economics, Kookmin University (Sep. 2025 – Present)

Visiting Professor, Department of Economics, Toronto Metropolitan University (Jan. 2024 – Dec. 2025)

Associate Professor, Department of Economics, Kookmin University (Sep. 2019 – Aug. 2025)

Assistant Professor, Department of Economics, Kookmin University (Mar. 2016 – Aug. 2019)

POLICY AND PROFESSIONAL EXPERIENCE

Economist, Macroeconomics Team, Institute of Economic Research, Bank of Korea (Sep. 2012 – Feb. 2016)

Intern, Forecasting and Empirical Model Building, DfA Capital Management, Inc. (Jun. – Aug. 2009)

Assistant Manager, Sales Planning Team, LG-Philips LCD (Oct. 2004 – Mar. 2005)

Stock Trader, First Business Team, Daishin Securities Inc. (Dec. 2003 – Sep. 2004)

RESEARCH INTERESTS

Primary: Empirical Macro, Forecasting, Time-series Analysis

Secondary: Macroeconometrics, Data Mining

HONORS AND AWARDS

Best Performance Award, Bank of Korea (2014)

Teaching Assistant Scholarship, Rutgers University (2008–2011)

Academic Achievement Award, Yonsei University (1999)

PUBLICATIONS

Peer-Reviewed Journals

"Measuring Concentration Risk with a Herd Sentiment Index: Evidence from Korean Financial Markets", *Research in International Business and Finance*, Forthcoming

"The Impact of Demographic Change on Financial Markets and Bank Soundness, and Deposit Insurance System Reform Measures", *Financial Stability Studies*, Forthcoming

- "Looking into the Black Box of the Korean Economy: The Sparse Factor Model Forecasting Approach," *Journal of Asia-Pacific Economy*, 23(1):1-16, 2018.
- "Spatio-Temporal Analysis of House Price Diffusion of Korea," *Journal of Korean Economic Analysis*, 23(2):89-124, 2017.
- "Combining Point and Density Forecast of Inflation in Korea," *Economic Analysis*, 21(3):103-136, 2015.
- "Forecasting Financial and Macroeconomic Variables Using Data Reduction Methods" (with N.R. Swanson), *Journal of Econometrics*, 178(2):352-367, 2014.

Non-Peer Reviewed

- "Analysis of Effects of Cross-regional Diffusion of Apartment Sales Prices," *Bank of Korea Monthly Bulletin*, 2016.
- "Hysteresis in Korean Labor Market with Alternative Measures of Labor Utilization," *Bank of Korea Working Paper*, 2014.

WORKING PAPERS

- "Do Central Bank Statements Forecast Policy? Evidence from Korea" (with S. Park), submitted
- "When Does Synthetic Data Improve Forecast Combination? An Information-Channel Decomposition", submitted

“Sectoral Information and the Real-Time Measurement of Trend Inflation: Evidence from Korea”, submitted

“Validating Generated Latent Quantities for Survey”, submitted

“Unobservable Heterogeneity in the Marginal Propensity to Consume: Evidence from Korean Household Panel Data”, submitted

“When Does Monthly Information Improve Investment Nowcasts? Benchmark Synchronisation and Evidence from Korea”, submitted

“Where imported physical climate risk stops: supply chains, overseas plants, and the manufacturing balance sheet”, submitted

“Auditing Real-Time Official Statistics: A Release-Event Ledger for U.S. GDP Nowcasting”, submitted

“Comparator choice in the evaluation of density neural MIDAS nowcasts”, submitted

“Greenwashing Without Lying: Claim-Type Selection in Corporate Climate Disclosure”

“When the toolkit runs out: single-host event studies and the limits of causal inference” (w/ S. Yoon)

WORK IN PROGRESS

“Macroeconomic Nowcasting using Naver Probabilities”, (with Gary Koop and Sungyup Chung)

“Determinants of Youth Employment Location: Case of Korea”

“A Time-Varying Asymmetric Dynamic Latent Space Model for Directed Weighted Networks” (with S. Park, and I. Jin)

“From Human Ratings to AI Scores: Measuring Sentiment in Monetary Policy Statements” (with S. Park)

“Establishment of an Early Warning System (EWS) for Synthetic Data-Based Private Mezzanine-False Disclosure Combination Schemes” (with, J. Jeon)

“Forecast North Korea’s Economic Activity Using Remote Sensing Data in Mixed Frequency” (with G. Kim and C. Lim)

“Financial Friction and Government Subsidy in Venture Capital Financing”

“Transition of Global Production Cost Shock to Domestic Producer Price”, (with B. Choi and S. Shin)

“Diffusion Analysis of House Price in Korea”, (with Miao He), in progress

RESEARCH GRANTS

CI, Study on the Economic and Social Impact and Utilization of AI-Generated Synthetic Data, National Research Foundation of Korea, 2025, [KRW 660M]

CI, Development of Macroeconomic Forecasting Model based on Big Data and Artificial Intelligence, National Research Foundation of Korea, 2022, [KRW 450M]

PI, Narrative Analysis of Climate Change Crisis and the Future of Korea, National Research Foundation of Korea, 2022, [KRW 450M]

PI, Business Cycle Analysis Using Text Mining, National Research Foundation of Korea, 2022, [KRW 60M]

PI, Estimation of Trend Inflation through Stochastic Volatility Models (NRF), National Research Foundation of Korea, 2018, [KRW 600M]

CONSULTING SERVICES

PI, 2026 Bank of Korea Knowledge Exchange Program (KPP): Policy Consultation for Vietnam, Bank of Korea, 2026

PI, Analysis of North Korea-Russia Economic Cooperation Trends Using Satellite Data, Ministry of Unification, 2026

PI, Determinants of Youth Employment Location in Daejeon, Sejong, and Chungnam, Bank of Korea, 2026

PI, Analysis of Spatiotemporal Diffusion Effects of Apartment Prices Using Spatio-temporal Matrices,

PRESENTATIONS (selected)

Rutgers University, Nottingham University Business School China, Bank of Korea, Korean International Economic Association, Eastern Economic Association Conference, International Symposium of Forecasting, Peking University, Kyunghee University, European Central Bank, Lindau Nobel Laureate Meeting (as a panelist), Yonsei University, Western Economic Association International Conference, Korea Economic Association Conference, Hitotsubashi University, Kookmin University, Sogang University, Korea National Open University, Korean Econometric Society Conference, National Assembly Budget Office, Korea Money and Finance Association Conference, Hankook University of Foreign Studies, Toronto Metropolitan University, Canadian Economics Association Conference, Midwest Econometrics Group Conference, Midwest Macroeconomic Group Conference, Canadian Econometrics Study Group Workshop, University at Albany, Bucknell University

TEACHING AND SERVICE

Courses Taught: Macroeconomics, Money and Banking, Topics in Econometrics, Statistics (Lectured in English).

Secretary, Economic Education Committee, Korean Economic Association, 2024–Present.

Committee Member, Seongbuk-gu Subsidy Management Committee, 2024–2025.

Editorial Board, *Quantitative Finance and Economics*, *Environmental and Resource Economics Review*

Referee: *Empirical Economics*, *International Journal of Forecasting*, *Journal of Development Economics*, *Journal of Economic Theory and Econometrics*, *Economic Analysis*, *Journal of Money and Central Banking*, *Journal of Forecasting*, *Journal of Time Series Analysis*, *Korean Economic Review*, *Journal of Economic Integration*, *Journal of Applied Economics*

SOFTWARE SKILLS

Python, R, MATLAB, SAS, EViews.
